

Inaugural Go-Karting afternoon 2010

by ECC Melbourne

Start your engines...

Thursday 18th November was yet another rainy day for Melbourne and for a group of us, meant a challenging afternoon of Go-Kart racing! The first round of drivers were quickly strapped into their seats, and with a serious concentration on every face, they were let loose on the wet circuit. What ensued was revving starts, spin outs, and mud flying everywhere. Tensions were racing. Fortunately, the over eagerness of the first group dried the track for the second round of racers as we moved into the more serious racing part of the afternoon.

In the end, there could be only one team to hold the mighty gold trophy high above their heads and it was "Razzle Dazzle" (Mark Truebridge and Dave Anderson from Electrolight). Tight second and third place was awarded to "Team Techne" (Nick Travers and Steve McKeag from Techne) and "NH Racing" (Wilko Doehring and John Panda from NH Architecture) respectively.

Well done to all racers who put in a mammoth effort on and off the track. Every racer certainly deserved the hearty barbeque at the end of the race. All and all it was a fantastic afternoon escape from the office.

Next Go-Karting day set for April 2011.
More details to follow.
